

2020 Corvettes on the Columbia  
News & Notes

Hello Everyone, and we hope you are safe – and thinking Corvette Positive.

We know there is a lot going on in our world, and a lot of good work being done by special people to help us all get through this and be safe. As you may know, our position is to move forward and plan the best event for you we can. In the event, Federal or State Rules are expanded beyond the current timelines – we, of course will have to suspend activity and issue full refunds to all that are registered.

Our belief is that the glass is half full, not half-empty.

On that note –
